LANGUAGE COLLEGE

Many extra-curricular activities were offered to students as part of languages' enrichment, often organised by our Japanese, French, German, Italian and Spanish assistants.

- Level 7 enrichment was organised for high flying Year 9 students in Spanish, German, Italian and French: the school was delighted that students have again reached this extremely high level in languages proficiency.
- GCSE students attended a special Saturday morning speaking test practice session.
- The French and Spanish Family Learning Zones gave an opportunity for parents of Year 5 students to learn alongside their children.
- Six twilight GCSE language classes operated last year.
- Our Primary School programme enabled Year 6 children to be taught languages in local schools. At Coteford and Hillside additional masterclasses are taught to very able linguists. Almost 40 schools are involved in a Haydon programme to train primary teachers how to deliver language.
- The numbers of students taking community languages have increased considerably this year. Currently the school is teaching Gujarati, Panjabi, Chinese (Mandarin), Arabic, Hindi, Latin, Russian and Greek. Three Japanese classes are also taking place as well as Spanish and French Masterclasses for Years 7, 8 and Year 9.
