HAYDON – VERY GOOD FOR A LEVEL RESULTS

A LEVEL 2013

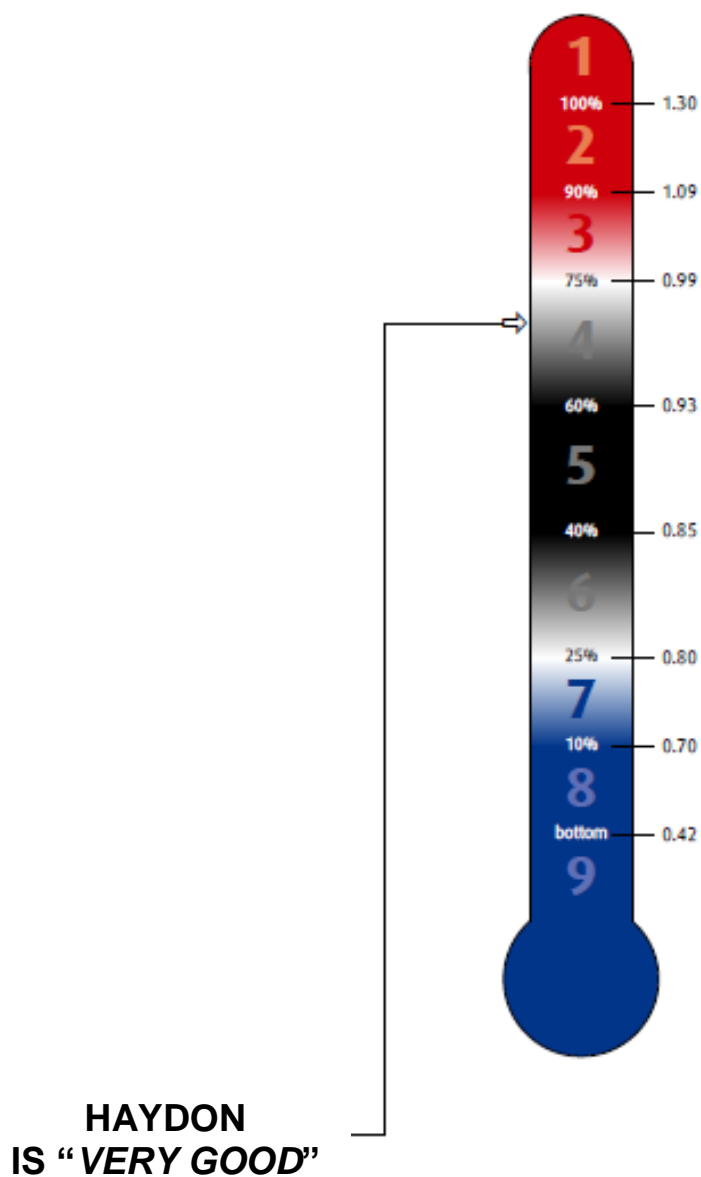

**HAYDON
IS "*VERY GOOD*"**

This thermometer was produced by ALPS, an organisation that ranks schools and colleges by A level results. They use a 9 point scale. Haydon was ranked at level 4. This means that students studying at Haydon have a very good chance of getting the best possible grades at A2 Level, given their GCSE performance on entry to the Sixth Form.
This year, the % of A and A* grades which were awarded to Haydon students increased from 28% in 2012 to 30%. This is above the National average of 26.3% and it is especially pleasing that our % has increased when this number has fallen nationally.

HAYDON – VERY GOOD FOR BTEC RESULTS

BTEC 2013

HAYDON
IS "*VERY GOOD*"

This thermometer was produced by ALPs, an organisation that ranks schools and colleges by A level results. Haydon was ranked at level 4. This means that students studying for BTEC qualifications in the Sixth form at Haydon have a very good chance of getting the best grades possible, given their GCSE performance on entry to the Sixth Form.

International School Award Success

Haydon School has been officially recognised with the International School Award from the British Council. The ISA is an accreditation scheme for curriculum-based international work in schools. The scheme provides recognition for teachers and their schools working to instil a global dimension into the learning experience of all children and young people.

The ISA is awarded at three levels: Foundation, Intermediate and the Full award. Haydon School has previously held the Full award and this time achieved re-accreditation at this level. To be successful in re-accreditation schools must submit evidence of seven internationally-themed curriculum projects with a minimum of three of these projects involving one or more partner schools overseas and demonstrate a sustained commitment to developing internationalism within the UK school context by mentoring other schools in the development of their global curricula.

For example, last year a class of Year 7 students worked with Tianjin Foreign Languages School in China measuring local weather data, exchanging this information, looking at patterns of weather and how climate change is affecting this then suggesting mitigation strategies to lessen the impact of climate change in each other's countries. This link forms part of a cluster group of Haydon School, Ruislip High School and The UCL Academy in Camden all of which have partner schools in China. This link is managed by Haydon School. There were also multiple projects with schools in Sri Lanka, India, Germany and Italy as well as training sessions for teachers in local schools who are applying for various levels of the ISA. Haydon School also supported the global education community by hosting delegations of teachers from South Korea, Saudi Arabia, The United Arab Emirates, Palestine and Jordan. This year Haydon School is hosting an Assistant from the European Union's Comenius Programme. Miss Brillaux is from France and will be working with the Humanities Faculty supporting students who are learning History and Classics.

The assessor at the British Council gave extremely positive comments on Haydon School's application stating "I particularly liked your activities which provided your students and their fellow international partners with real opportunities to explore relevant international themes".

This success is due to the hard work of the International Co-ordinator, Kevin Squibb, and Caroline Barrett from the Languages Department as well as the many members of staff across the school who have so enthusiastically supported the international ethos which is present at Haydon School.

Duke of Edinburgh Award

During the last week of August a team of seven girls travelled to Snowdonia to undertake their final expedition for the Duke of Edinburgh Gold Award.

Not only did they pass with flying colours, but they tackled some of the hardest routes in the Snowdonia region, including the notorious 'Devils Kitchen', which has only been achieved by one other Duke of Edinburgh group, and never by an all girl team.
Their Assessor was very impressed with the way the team performed using their knowledge of navigation, camp skills and good team spirits.

To complete a Duke of Edinburgh Gold award can take up to 18 months of volunteering, physical challenges and new skills and participating in field work expeditions. All of their hard work will pay off when they go to St James' Palace to receive their award from the Duke of Edinburgh himself. Well done to Jocelle Chenery, Annoushka Clear, Rosey Fort, Louise O'Regan, Hannah Pearce, Beth Wilson (all year 12) and Miss Morgan.
