STUDENT INFORMATION

There are no specifically reserved slots for missed examinations, in the event you are unable to attend your exam for any reason you must inform school as soon as possible and ensure that you sit your missed exam in the next available slot.

Please attend one of the above listed examination slots where you are not scheduled to sit a test and on arrival speak with a member of the invigilation team. They will issue you the missed examination paper, if there are no more exams scheduled i.e. paper missed was scheduled on the last day of the examining window for your Year Group then you must discuss the re-sit options with your subject teacher.

The timetable has been carefully constructed to ensure minimal exam clash scenarios, however if you have an exam clash please follow the same arrangements as above for missed examinations to sit your test in the next available slot.

Please also take note that these tests are being run in a formal fashion, in the same way as the official external exams therefore the same rules and regulations will apply. Please ensure that you read through the exam expectations document carefully and that you understand what is expected of you.

If you have any questions regarding any of the above please contact a member of staff in the Exams Office.
