Discussions are limited to five minutes. During each appointment there is a running timer indicating how long your appointment has left. This will turn orange when there is one minute until the end of your appointment, and red for the last 10 seconds. Your appointment will end automatically after 5 minutes and the screen will go black. Please be warned that the end is very sudden.

Due to the number of students each teacher will speak to, the evening is intended to be high paced and focused. Full instruction on how to use our virtual Parents' Evening, including how to invite another parent/carer to join your appointments, are available. (See link above). If you require a longer interview, please arrange a separate appointment at a mutually convenient time.

Parent's Evening is an important time for you to receive information about your child at school and how you can support their learning at home. Staff enjoy meeting parents, offering guidance, and sharing praise about their students, so please make this evening a priority.

If you have any difficulties accessing SchoolCloud, please contact info@haydonschool.com via email.

We look forward to seeing you.

Yours sincerely
