

This term has been an extremely challenging term with lots of changes which students have adapted to really well. We have had a large number of students asked to self-isolate which has also had an impact on student's school experience. Yet students turn up to school every day, follow instructions and get on with their school days with resilience and determination. I'd like to congratulate students for this. We have a large number of students who have attended school every single day this term, have received 0 behaviour points and have been recognised for various Haydon values in their subject areas. Well done to all of those students.

## STUDENTS OF THE TERM

This has been awarded to two students who conduct themselves impeccably, are role models to their peers, work extremely hard in every lesson and are extremely polite and respectful to all staff and peers every single day. Well done!

**Adam Norquoy**  
**Freya Tracey**

This term has been a very long one with lots of ups and downs for all, 2020 has certainly been a challenging year for all. I hope that at some point next year we can begin to return to some form of normality both inside and outside of school. We return to school on Monday 4<sup>th</sup> January.

It is a **week B** and therefore school will start at 9 with period 1.

Over this time away from school I would like all students to reflect on the last few months of school and think about how they can improve their performance in school in 2021.

I wish you all a restful Christmas break, a happy new year and I look forward to welcoming you back refreshed and ready to go again in January.
