

# WELCOME!

You'll be starting A Level Photography in September 2025 – and this creative summer task is your first step. It's designed to get you looking at the world in a more visual and imaginative way.

We have aimed to set you work that is practical, fun and can be completed anywhere!

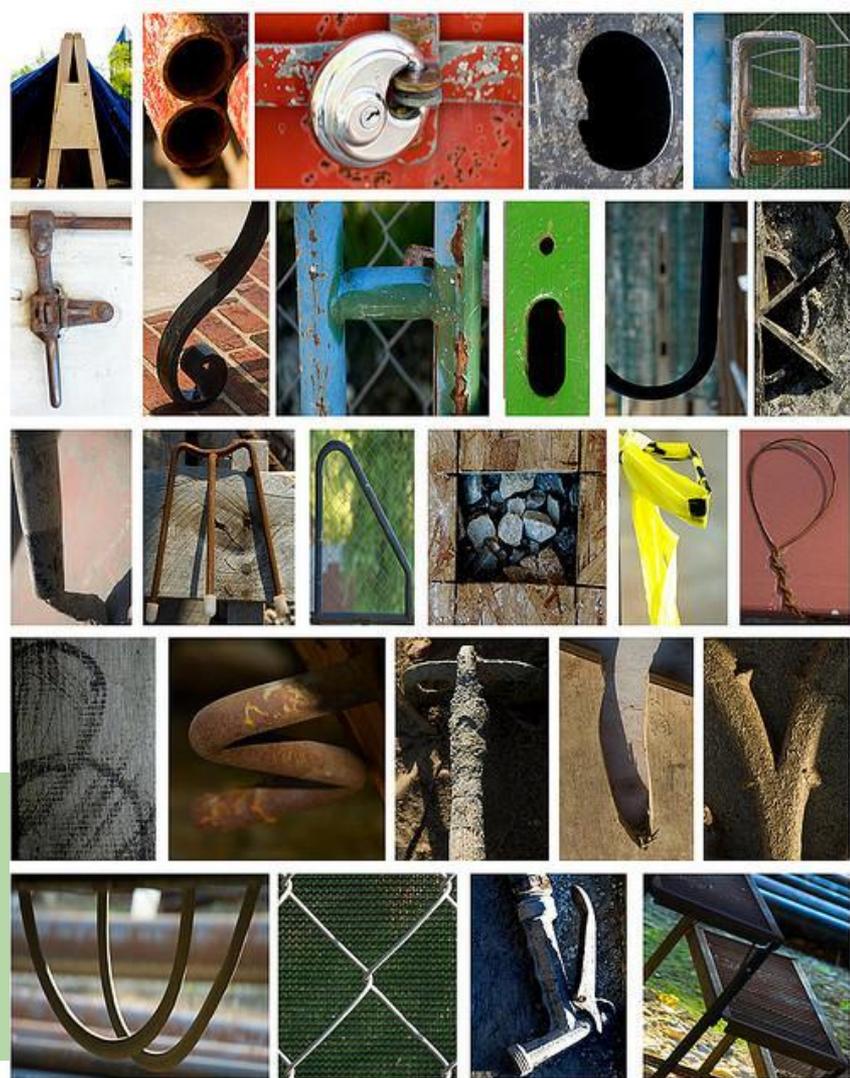

Alphabet Shoot -  
Due first lesson  
back in  
September

## What to Do:

1. **Look around you** — indoors, outside, at home, on walks, at shops or on holiday.
2. **Photograph each letter (A–Z)** as it appears naturally or accidentally.
3. **Avoid real letters or signs** (e.g. no street signs or logos).
4. **Keep your images organised** – name or number them as you go.

## Presentation:

Prepare a Google Slides presentation of the work to share with the class during the first lesson back in September

# Photography Summer Project

You will be asked to present your work to the rest of the class.

Be prepared!

Be ready to discuss your work e.g.

What went well?

Which images do you feel are the most successful and why?

What problems did you encounter?

How did you resolve these?

What have you learnt? How will you use this to develop future ideas/work?

What might you do differently next time?

You will be printing this work off to arrange in your sketchbook.
